Project: **BET ON EU: Balkans and Europe Together: Opportunity for a New Experience towards Unification!**

Subject: The project encompasses 19 partners from 12 countries in the EU, 7 of them from the Balkan area.

Main aim of the project is the one of giving the right tools and the more useful acknowledgements to those countries that are trying to be candidate countries such as Bosnia and Herzegovina, Montenegro, Serbia and Republic of Macedonia, partners of this project. They will reflect, debate and act for the future of Europe, as ambassadors of the motto “United in diversity”.

The project structure follows the metaphor of a bet: first of all, it is important to know the rules of the game, secondly it is essential to consider your own resources and what you are willing to invest and finally you need to decide what to bet on.

The partners of the project “BET ON EU” will be requested to play the role of betters for the future of the EU, fully assuming their responsibilities in shaping the Union and functioning as “multipliers” in their own communities in order to engage in this challenge a wide range of stakeholders: citizens, civil society organizations, public bodies and institutions, etc.

At the end of the project, a “game book” will be drafted: it will present the results of the “bet” and represent a valuable tool to multiply the engagement of European and Balkan local authorities in the EU enlargement process.
