An architectural elevation drawing of a building facade. The drawing is a line art illustration showing a long, low structure. On the left, there is a taller section with three square windows. To its right is a lower section with a series of steps leading up to a central entrance. The main body of the building features a series of rectangular windows, some of which are grouped. On the far right, there is a small, square tower-like structure. The drawing is composed of simple black lines on a white background.
